**#5- School will provide opportunities for parent involvement in school decisions through parent volunteer opportunities, committee membership and informational sessions  
Need: Parent involvement in schools has been shown to improve student achievement and outcomes. Involvement by all stakeholders is required through PCHS charter.**

1. School will host a minimum of three outreach meetings per semester to encourage parent participation and seek input as well as to offer training on school technology systems to improve communication (Infinite Campus and Schoology)

**#14- Continue and/or increase communication efforts in areas of family and community outreach and parent involvement in all key operations and programs, including parent education in technology**

**Need: Students, families, and school community will increase connection to school through use of student information system, participation in school programs and stakeholder involvement in committees and stakeholder meetings**

1. Four-year plans for students to guide parents and students on how to meet A-G requirements.
2. Monthly Long Term Strategic Planning meetings with multiple times and dates to accommodate parents
