Agenda Information Sheet for the Board Meeting (June 8, 2010)

Date: June 2, 2010

Topic: 2010-2011 Budget Approval

Presenter: Gregory Wood-CBO/Robert King-Chair Budget & Finance Committee

Recommendation: Action Item

Costs: \$358,000 Deficit for 2010-2011 Budget

Background:

On May 25, 2010 the Budget & Finance (B & F) Committee met at an all day budget meeting to review the updated 2009-2010 budget projections and approve the proposed 2010-2011 Budget. The updated 2009-2010 budget projections show that our projected budget deficit had been reduced from the previously reported \$722,000 (at the second interim report filed in March) to \$393,000, a reduction of approximately \$320,000. The (B & F) Committee vetted each area of the budget and at the end of the meeting approved (by a majority vote, but not unanimous) the attached 2010-2011 Budget which provides for a deficit of \$358,000 for 2010-2011 which would be taken from the PCHS Reserves. A separate review of the Reserve balances is included on the 2010-2011 Budget file. Any updates to this budget will be provided at the June 8, 2010 Board meeting.

Prior discussions and/or action: The B & F Committee has previously discussed budget savings ideas in its previous meetings and had the administrative team weigh in on its recommendations which have been incorporated into the attached budget. It also considered the Board overview of the Budget savings ideas in their deliberations and vote.

Alternatives: The Budget and Finance Committee recognized the need to have the PCHS annual budget be sustainable over the long term. Although it voted to approve the attached 2010-2011 budget, it wanted to provide options for the Board of Trustees should it wish to reduce the budget deficit further. Those additional budget reduction ideas (which were prioritized in a vote by the B & F voting members) are attached on the last page of the 2010-2011 Budget package.

Pros & Cons: The 2010-2011 Budget, which has deficit spending for the school year, provides for the projected reduced funding and new transportation costs. Efforts need to be made to support fundraising levels provided in the Budget and support PCHS' infrastructure for a minimum of three years

Relevance to PCHS' mission: 2010-2011 Budget was approved by the B & F Committee with the PCHS mission and goals in mind.

Stakeholder input: All stakeholder groups are represented on this committee (including recommendations approved and forwarded from the Facilities & Operations & the Educational Programs Committees). The public was invited to attend and comment on the 2010-2011 Budget.

Additional Information: Supplemental schedules supporting various 2010-2011 Budget Areas are sent as a separate attachment to the 2010-2011 Budget File.

This should be agendaized as an Discussion/Action Item

Palisades Charter High School
PROPOSAL FOR SERVICES
School Year 2009-10

PURPOSES:

- Explore school leadership needs currently met through the positions of principal and executive director;
- Conceive of leadership role or roles to effectively meet those needs; and,
- Build school staff capacity to successfully engage in a search process that results in hiring effective school leaders.

THEORETICAL BASE:

Palisades Charter High School will be most likely to achieve its vision for student learning when staff has clearly articulated the relationship between that vision and the leader(s) who guide it.

Explicit conversation and agreement about the characteristics of that leadership, the measures by which the success of that leadership would be assessed in real-time, and the specifics of an efficient selection process that has considered varied points of view will contribute to achieving the vision.

PROCESS AND COSTS:

- Meet with faculty to use a collaborative process to co-define the existing school vision in terms of the leadership necessary to realize the vision. Explore the alignment of current leadership staffing to those needs.
Cost: \$1,500.00 (Meeting held 3/23/10.)
*Cost included **one** meeting and follow-up processing of information generated and sharing by e-mail.*

*We have provided, so far, **two additional** meetings with faculty and follow-up processing of charts and reflections.*

- Meet with other staff and selected students to include their insights relating school vision and leadership necessary to achieve it. (Meeting held 4/30/10.)
Cost: \$1,500.00
*Cost included **one** meeting and follow-up processing of information generated and sharing by e-mail.*

We met with classified staff and students and have processed their materials so far, meeting this contract obligation. Some additional reflection sheets are forthcoming from students, as the opportunity to receive input from the whole leadership class and a random sample of Pali students did not occur on the day we met with them. We agreed to find a way to integrate this information into our process, too, at no additional charge.

- Facilitate the development of a process and specific details to assure a simple yet effective hiring process to meet the school community's leadership needs.
Cost: \$2,000.00 (Item partially completed as explained below.)
This work began with the development of a plan and suggested timeframe. The plan continues as our recommendation. The timeline is no longer in force as circumstances at

the school having changed, changing the timeline as well. A new timeline has not yet been finalized by the board.

An outline of the specific tasks to complete each part of the plan, and the provision of sample processes to realize the tasks effectively will be provided to support next work.

Total: \$5,000.00

Work added to contract for an additional \$3,000.00 and completed as of May 11th:

- Meet with parents to include their insights relating school vision and leadership necessary to achieve it. (Meeting held 4/7/10.)

Cost: \$1,500.00

*Cost included **one** meeting and follow-up processing of information generated and sharing by e-mail.*

- Meet two additional times with faculty to use a collaborative process to co-define the existing school vision in terms of the leadership necessary to realize the vision. Explore the alignment of current leadership staffing to those needs. (Meetings held 4/13/10 and 4/27/10.)

Cost: \$3,000.00 (Each meeting @\$1,500.00)

*Cost included **two** meetings and follow-up processing of information generated and sharing by e-mail.*

- Meet with administrative team to include their insights relating school vision and leadership necessary to achieve it. (Meeting held 4/13/10.)

Cost: \$750.00 (Meeting charged at 1/2 usual rate since it was held prior to additional teacher meeting and did not require additional travel time to reach the school.)

*Cost included **one** meeting and follow-up processing of information generated and sharing by e-mail.*

- Meet with board to include their insights relating school vision and leadership necessary to achieve it, including establishing interests to be served by a decision to maintain or change the current structure of top school leadership role(s). (Meeting scheduled to take place on May 11th.)

Cost: \$2,000.00

Total Value of Additional Work Completed so Far: \$7,000.00

Total Amount Charged for Additional Work Completed: \$3,000.00
